Product Data Sheet

DEAMID

INCI Name	Cocamide DEA	
CAS	68603-42-9	
Formula	$\begin{array}{c} \text{O} \quad \text{CH}_2\text{CH}_2\text{OH} \\ \parallel \quad / \\ \text{R} - \text{C} - \text{N} \\ \quad \quad \backslash \\ \quad \quad \text{CH}_2\text{CH}_2\text{OH} \end{array}$	
Accordance	TU 2433-003-89535834-09	
Specification	Specification Limit	Method of Analysis
1. Appearance	Light yellow viscous liquid	Visual
2. Free DEA, (W/W%), no more	5,0	TU 5.2
3. Glycerin, (W/W%), no more	10,0	TU 5.3
4. Water, %, no more	0,5	TU 5.4
7. pH (20 °C; 1 % AS in solution; Solvent: Water)	8,0 - 10,0	TU 5.5
Application	DEAMID is used for personal care products and in surfactant washing and cleaning formulations as wetting agent, foam booster and stabilizer ,hair/fibre softener and antistatic agent,back-fetting agent,viscosity control agent instead of anorganic salts,perfume fixative and solubilizer,and as cleansing power increasing dispersant and emulsifier	
Physical Properties	See Safety Data Sheet	
Health and Safety	See Safety Data Sheet	
Storage	Store in dry place away from direct sunlight or source of heat, acids and oxidising agents at 5 - 40 °C
