## Product Information

### AMFOBET M

(Sodium cocoamphomonoacetate)

<b>INCI Name</b>	Sodium Cocoamphoacetate
<b>CAS</b>	90387-76-1
<b>Conformity</b>	TU 2484-008-89535834-14
<b>Quality indicator</b>	Standards for TU
1. Appearance at 25°C	light yellow liquid
2. Odor	Weak, characteristic
3. Dry residue,%	38,0 – 41,0
4. Content of active substance,%	29,0 – 32,0
5. Content of sodium chloride,%	6,5 – 7,5
6. pH 20% solution (solvent water)	8,0 – 9,5
7. Color to Gardner at 25 ° C, not more	3,0
In addition, at the request of the customer	
8. Viscosity (Brookfield, Spindle No. 2, 50 rpm, at 25 ° C), m Pa * s, not more than	150,0
9. Sodium dichloroacetate content, ppm, not more	15,0
10. Sodium monochloroacetate content, ppm, not more	10,0
<b>Условия хранения</b>	Store in plastic containers away from direct sunlight temperature from 5 to + 30 C. Guaranteed shelf life - 2 year from the date of manufacture.
